Introduction

I owe a debt of gratitude to Pat Donworth for putting together this book of articles from *The 2012 Scenario* on a most remarkable series of events that is occurring. To encounter these events is sure to lift us out of the ordinary context in which we live our lives and expand our abilities to open to new frontiers of knowledge.

This scenario holds that two events are happening. The first is the fall of a global elite that has exerted power over the world's population for a very long time. The second is the arrival of human beings from other civilizations; in fact, the civilizations that seeded Planet Earth in the first place, as well as many other beings whose nature is wonderful and only known to us through readings that we usually consider either mythical or unproven.

All of these events occur at the end of a solar cycle of 26,000 years (some would say a cycle of much greater length) and will result in a total transformation in the manner in which we live and experience life.

But even this, and all the actors who take part in it, are themselves part of an even larger drama – the drama of life itself. The galactic humans who'll arrive here from the Pleiades, Arcturus, Sirius, Andromeda and other star nations are, like us, involved in

the very same cosmic drama. For them, their service to us is simply another chapter in an overall round of life that all of us share.

That round of life, the total journey that all of us make, is one from unconscious awareness of our true nature as children of God to conscious awareness, a journey that covers innumerable lifetimes and see us incarnate sometimes on Earth and sometimes on other planets and even in other dimensions.

Knowledge of all of this awaits us and will be given to us after an event called "Disclosure."

Disclosure refers to the announcement by our governmental leaders that we are not alone in the universe and that other nations who have helped Earth's civilizations since time immemorial are now here and wait to join and serve us.

Disclosure will be followed in a matter of weeks by a "Decloaking" of the spacecraft in which these visitors travel and reside. These spacecraft may be on this Third Dimension, which we all occupy, and simply cloaked. Or they may exist on higher dimensions. Their technology is wondrous compared to ours. Their ability to traverse space and time will seem miraculous to us. And their intention in being here is simply to serve us to emancipate ourselves from the grip of the global elite and recover abundance, sovereignty, and an unrestrained life.

Following the Decloaking will come “First Contact,” when their ships slowly land and their inhabitants present themselves to us for our observation and questioning.

Following First Contact, the galactics will set about cleaning up radioactive fallout and oil spills, overseeing the process of Earth changes that will release the stored negativity in the Earth from world wars and other negative events, and mentoring us on the transformation to occur on or before Dec. 21, 2012.

All of this is discussed in these pages.

We'll be obliged to drop many of our outmoded ways of thinking. We'll find ourselves needing to accept such things as the soul's survival of bodily death, the existence of such things as angels and ascended masters, the existence of a human design, called the Adam Kadmon template, which results in different evolutionary lines such as mammals, reptilians, cetaceans, insects and even plants all over the universe gradually evolving until they assume a human form - and many other wonderful new areas and dimensions of knowledge.

We'll find the paradigm that informs our schools, universities, hospitals, courts, sciences, and many other institutions and domains of knowledge – which we generally refer to as “empirical materialism” - to be far too limited to account for life as it truly is. As Shakespeare said, there is more to life than was ever dreamed of in our philosophies. And we are about to meet those who can expand those philosophies in

ways we never could dream of.

So I thank Pat for taking the initiative to gather together and re-issue these articles. I hope they assist you. There is nothing we need fear about our future, as troublesome as it may appear at this moment. Our world is going through a reformation and, once concluded, all of us will be overjoyed at the results.

Welcome to a new and unimaginable world. And may we all realize our dreams in the Golden Age that is predicted for us in just a little more than one year from now.

Namaste,

Steve Beckow

Chapter 1. What in the World is Going On?

This is an amazing time to be alive. But what is it that makes it so? What in the world is happening on the planet? For the sake of those who are awakening now to the fact that something unusual is going on, can we arrive at a succinct statement of it?

Yes, I think we can.

We are living through a period that is unlike very many others in the history of the Earth. Every so often – and different people give different time spans – one age ends on Earth and another begins, bringing with it an opportunity for people to leave the environment they're in, return to whence they came, and advance in the evolutionary spiral. And this is one of those times.

If you are a westerner, you might say that the Piscean Age is ending and the Aquarian Age beginning. An easterner might say the Kali Yuga is ending and the Sat Yuga beginning. A Mayan might say the Mayan calendar has reached its end and an entirely new age is approaching.

Whatever measurement of time you use, we've reached the end of the period in which we live in a particular form of separation called "duality" and we're invited to return to a world where "unity" reigns.

I personally am familiar with discussions of these events that go back to at least the 1870s, with the spirit writings of one "Imperator" through the Rev. Stainton Moses of England. However I'm sure earlier accounts can be found because this step in our evolution has been apparently planned for a long, long time.

We here on Earth have been kept in the dark about a lot of things. The existence of spirit realms has been pooh-poohed or sensationalized. The existence of different human civilizations in other parts of the universe has been ridiculed or kept under wraps. I cannot help the fact that such knowledge has been kept from us. But now it's time to put aside the ridicule and acknowledge that both spirit realms and galactic civilizations exist.

The leadership among these two groups, all of whom are well aware of such matters as the existence of God, divine law, the purpose of life, and the orderliness of existence, have been working together to arrange the smooth out-working of this end-of-cycle advancement.

The spiritual hierarchy that's responsible for the evolution of life here on Earth has asked the assistance of space nations who seeded the Earth with the human form in the first place to come and lend assistance to us to effect this planetary transformation

scheduled for 2012. They've agreed and have sent their people in abundance in ships of superior technology that remain cloaked around our Earth.

These advanced, peaceful and God-loving people from superior civilizations have assisted us in many ways and are working far behind the scenes to clear the way for what is commonly referred to as “Ascension.”

In our case, we'll advance from the Third Dimension of duality to the Fourth Dimension briefly and then to the Fifth Dimension of unity on or before Dec. 21, 2012. This advance is no different than attaining the Fourth-Dimensional Astral Plane after death and then later the Fifth-Dimensional Mental Plane, except that in our present case we move forward *with our physical bodies*. This “ascension” in the physical body is a new development in spiritual evolution.

Our space family has seen to it that no more nuclear weapons can be exploded on the planet or in space. Perhaps we've read news reports from people like the Hastings Panel who've said that they're aware that galactics interfere with attempts to use nuclear missiles. They've cleaned up after us, as far as they can from their ships, when we spill oil into the Gulf of Mexico or dump depleted uranium into the atmosphere or have nuclear accidents at power plants.

The GF has mitigated severe weather, earthquakes and volcanic eruptions. And they perform a wide range of other beneficent and compassionate tasks all aimed at preparing the ground for the events that are to follow.

At some point, when we're ready for it, Earth's own governmental leaders will introduce us to the spiritual hierarchy and galactic fleet that are already here, in an event commonly known as "Disclosure." After that, the galactics will land among us and begin the work of restoring the Earth to pristine condition, returning peace to the world, providing abundance where before there had been only poverty and scarcity, and in many other ways preparing us for the global shift in 2012.

Meanwhile, as all of this is taking place, a coordinated effort that reaches far out into the universe and may reach into other dimensions as well is underway that's showering the Earth in a gradually increasing fashion with the divine energy of Love. This constant beaming of energy is causing all the unusual and unprecedented events we see around us in the world. The insistence of the Arab world on having their freedom restored to them is perhaps the most dramatic effect. But freedom's stirring is to be seen in other countries as well.

The malevolent forces of what we know as the military-industrial complex, Illuminati, secret state, or New World Order are being contained and defeated in their various plans to dominate the world. Their control over the media, their financial subjugation of the planet, and their use of technologies to subvert our freedoms have all been rolled back through the efforts of the galactics and their Earth allies, who as yet operate mainly in secrecy.

The impact of the liberating energies is gradually increasing and will continue to do so, resulting in our experience of release from old attitudes and positions and the advent of

new social patterns, new aspirations, and new alliances and cooperation that will in the end transform our world. If we think back on how we felt a year ago and how we feel now, we can perhaps trace the steady increase in the energies of Love on Earth.

People are awakening and finding themselves curiously interested in whatever it is that seems to be happening on Earth. More and more sightings of galactic ships are taking place, over Jerusalem, New York City, Mexico City, Lima, Moscow, and so on.

Channeled messages from spirit guides and galactic teachers are flooding the Internet. All is abuzz and astir as the secret of what's happening on Planet Earth gets out.

And it will grow in every way as time progresses and we get nearer to the crescendo in 2012. There's no need to worry, even if the Earth must clear itself of some of its locked plates and stored negativity. There will be no Armageddon, no nuclear World War III, no break-up of the planet, no worldwide flood, no planetary catastrophe of any kind, no matter who says so to the contrary.

We're headed for what's commonly thought of as a Golden Age, with health and youth restored to us, with the wisdom of masters ours, with peace and harmony returned to Earth. All the chaos and turmoil you see around you now is designed to clear the decks for this global transformation, this planetary shift to occur.

So that's about as succinct as I can make it, to cover all that is important but not in so much detail as to overwhelm you. We have a glorious future to look forward to, in which we meet many new friends and recover relationships with many old friends. The

planet's history of want and neglect is soon to end and a new era of prosperity and abundance to begin.

There are many sources on the Internet that can tell you more of this story if you but search on 2012, Ascension, disclosure and similar terms. I welcome you to the knowledge of this Golden Age now approaching and know that the addition of your light, love, and energy will make a tremendous difference to the unfoldment of the whole.

Chapter 2. End the UFO Cover-up

While NASA continues its deceptive “search for life” on other planets, Earth’s atmosphere is filled with extraterrestrial spaceships far surpassing the performance of any air or space vehicles we possess (and we do possess spaceships). (1)

We search for traces of water on Mars, while off-planet traffic shows us their ability to shut down ICBM weapons systems and fly rings around NASA’s various space probes.

If the subject were not so serious, it would be funny. But so much rides on disclosure of the extraterrestrial presence that it is indeed a serious topic.

Audial communications from extraterrestrials can be found going back to Nov. 26, 1977 when a message from the Galactic Federation was broadcast via an Independent Television News station in Britain. (2)

Today a plethora of messages purporting to come from extraterrestrial humans are available on the Internet, although little of the information makes its way into the mainstream media.

Complete information on the subject can be found on my website. (3)

A summary would look like this:

The galactic presence on Planet Earth goes back to before the human race was seeded onto its surface eons ago. That galactic presence is itself human.

The stock from which the various types of humans derived come from different star systems, like Sirius, the Pleiades, Andromeda, Arcturus, Orion and other systems.

The urgent events that brought human extraterrestrials here in such numbers today could be viewed from a number of angles. It could be said that the explosion of nuclear weapons in space, tearing the space-time continuum and causing havoc on other worlds and in other dimensions, brought them here, to put an end to nuclear tests and warfare.

It could also be said that the broader agenda of assisting Earth to wrap up the unfinished business of this cycle, predicted in the Mayan calendar to occur in the year 2012, brought them here.

It could also be said that they came to overthrow the Earth's nefarious masters, which one could label by so many names – the Illuminati, the New World Order, the secret government, the global elite, the cabal, etc. This group, bent on world domination, was headed for victory in eliminating human rights, taking control of the globe, enslaving its population, and reducing their numbers from 6-plus billion to 500 million. It was the extraterrestrial presence which provided the clout to unseat the cabal.

Whichever way you choose to see events, our visitors, to whom we owe the restoration of our freedoms and the future reformation of our economy and other blessings, have made their presence at once unmistakable and as unobtrusive as possible. Youtube is

replete with videos of spaceship fleets, UFOs leaving crop-circle messages in fields, craft of all descriptions in every imaginable situation.

Most people, when they think of aliens, think of the diminutive Greys, who are responsible for most abductions, gave the American military its weapons and space technology, and have been banished from the planet.

Fewer pictures can be found on the Internet of the human visitors who form the backbone of the Galactic Federation's presence and who aided their Earth allies in overturning "the last cabal."

However, if one chooses, one can follow the daily progress of their mission to assist in the closing of this cycle and the transformation of the Earth and its populace, which will come sometime before the cycle's end in 2012. Credible channeled messages are springing up in ever greater numbers.

We are indeed in the "end times." But what is ending is the enslavement, debasement, and impoverishment of Earth's population, not the Earth itself.

Indeed Galactic Federation sources predict a "Golden Age" for Earth once the cabal has been banished from the globe. They predict a new economy, based on gold and bringing abundance to all of Earth's population.

They point to a rise in Earth's consciousness that will attend the mass "Decloaking" of spaceships, followed by "First Contact" (that is, first mass contact) with the galactics.

They tell us that the Earth itself will be “terraformed” to remove nuclear and other types of pollution. They say that the intergalactic quarantine in which terrestrials have been held will be withdrawn.

At present terrestrials are not permitted to travel further than Mars. The United States possesses space craft that can travel to Mars and back. These vehicles are operated by a secret space force named Solar Warden, with no relation to NASA, NASA being primarily a show put on for public consumption.

That's just one secret the public has never been told about, which the galactics will reveal. They promise that we'll be given new technology to provide for our needs, including free-energy technology, relieving us of dependence on fossil fuels.

The rise in personal energy levels resulting from the work they're doing can palpably be felt at the present time – or at least I feel it.

The changes in galactic conditions are reportedly puzzling scientists.

Slowly beginning behind the scenes, apparently, is a round-up of cabal figures, slated for trial at the International Criminal Court at The Hague for war crimes and crimes against humanity.

These include the staging of 9/11, the Oklahoma City, London and Madrid bombings, torture, weather warfare, pandemics (yes, including swine flu) and a long list of other crimes.

At some point in the future, we'll be going about our business when suddenly a governmental leader will come on the news and announce the galactic presence. Some time after that, we'll be shown, for hours at a time perhaps, what our situation has been on Planet Earth, what we can expect in the immediate future, and what we can look forward to farther down the road.

The outlook is unequivocally glorious, as difficult as that seems to imagine at a time when the old structures are crashing down. But those old structures must fall to make way for the new. The grip of the last cabal is being loosened in large measure by the implosion of the corporate/market structure that the cabal has built up over the years.

In our future, we'll have no need to worry about health care, education, shelter, or any of the other matters that concern us at present. I know this sounds hard to believe and there's no need to believe me. We're months shy of all these events beginning to manifest themselves.

Chapter 3. Introducing the Galactic Federation

The people we'll be listening to in this article are extraterrestrials of human origin – our space family.

Some, like SaLuSa of Sirius, will tell us that they're authorized by the Galactic Federation of Light (GF) to speak on its behalf. SaLuSa says:

“I am SaLuSa from Sirius, and I along with my companions represent the Galactic Federation where contact with you is concerned.” (1)

But the members of the Galactic Federation are not the only extraterrestrials here to help us. Many coalitions are here.

Hatonn is an example of an extraterrestrial human who serves a wider role, coordinating communications. Speaking through Suzy Ward, Hatonn says he serves “as director of communications between Earth and all points elsewhere during the era of Earth changes. You may know of me as commander of an intergalactic fleet. That is another of my ‘hats.’” (2)

They and other spokespeople communicate through terrestrial mediums at regular intervals. For simplicity’s sake, let’s restrict our attention to the GF for the moment.

According to them, members of the GF are enlightened beings drawn from advanced civilizations. They ascended aeons ago after passing through a period of evolution similar to that to which we're headed in 2012 or sooner. (3)

Says SaLuSa:

“We of the Galactic Federation are charged with looking after Mankind and [ensuring] your upliftment and safe journey through to Ascension.” (4)

In our galaxy, the GF is the single largest space-faring group. It liaises and cooperates with other ETs in peacekeeping and other aspects of service to the Light. Its work is carried out in Love for all life and respect for the freewill of all beings. (5)

Membership in the GF is only granted to civilizations that have achieved ascended or unitive consciousness. (6)

Our link with the GF goes far back in our history, a fact known to scientists and historians but kept from the general public. Contact reaches to recent times when the galactics established close connections with some of us, such as George Adamski and Billy Meier. (7)

They've assisted us in ways that were not obvious, but otherwise have allowed us to find our own way as part of our need to develop spiritual discrimination and see to our own karma. (8)

SaLuSa tells us that terrestrial humans most resemble Sirians, Pleadians, and Venusians, with whom we are genetically linked. (9)

According to Ker-On of Venus, the dark forces in control of this planet have portrayed the idea of contact with "aliens" as opening the door to a hostile takeover. In reality, the ones projecting that image hid behind it while they did exactly what they accused the GF of wishing to do. (10)

The present mission started during and after World War II, when terrestrials exploded nuclear bombs which wreaked havoc with interdimensional space. It increased around two decades ago, after an event known as the Harmonic Convergence.

Until recently, the GF has observed us closely and intervened only when our own spiritual hierarchy of ascended masters or the GF itself thought it necessary. Without the help of the GF, according to terrestrial spirit teacher Matthew Ward, Mother Earth's body would have died some time ago and none of us would be here today. (11)

Says Atmos of Sirius:

“We of the Galactic Federation are ... fully aware of our role in the end times. We await our orders to proceed with the final open contact with you.... We work with your Mother Earth, and the Inner Earth Beings [of Agartha], and together we represent your release from the last gasps of the dark forces.” (12)

Of their role, Mira of the Pleiades says:

“[During] the next few years, we will be with you. We will be standing face-to-face, shoulder-to-shoulder. We will help shoulder the burdens of change. We will work with the ground crew to lay the fertile field of the New Earth.” (13)

Chapter 4. The Importance of Disclosure

Part 1

Our 2012 Ascension community has been inspired by lightworkers like David Wilcock, Drunvalo Melchizedek, Patricia Diane Cota Robles, Lauren Gorgo, Lisa Renee, David Icke, Kerry Cassidy, Bill Ryan, and Inelia Benz, among others.

We've listened to messages from galactics like SaLuSa of Sirius, Atmos of Sirius, Kerion of Venus, Diane of Sirius, Mira the Pleiadian, the Federation of Light channeled through Blossom Goodchild, Hatonn and Ashtar channeled through Suzy Ward, and the "Galactic Federation" channeled through Sheldan Nidle; celestials like Archangel Michael and Archangel Metatron; Ascended Masters like Sanat Kumara, Jesus,

Sananda, Buddha, the Comte de St. Germain, Kuthumi, El Morya, Beinsa Douno, and Omraam Michael Aivanhov; spirit teachers like Silver Birch, White Eagle, “Imperator,” Matthew Ward, and Saul.

All of them agree on the role of the galactics in restoring the Earth, introducing new technologies, defeating the forces of darkness, restoring freedom and abundance to the population, and mentoring consenting terrestrials through Ascension.

St. Germain

So it's very important for us to know who we are getting behind and why we are getting behind them.

Who Issued the Invitation?

The galactics' invitation ultimately originates with God. Diane of Sirius tells us: “As it happens the Creator of All Love has decreed that Earthman is given help.” (1)

“The Galactic Federation members are the Creator’s representatives and dutifully carry out instructions in the highest concept of Light that they can.” (2)

SaLuSa of Sirius

SaLuSa of Sirius, a colleague of Diane’s, agrees:

“The line of authority goes all the way back to God, and passes through various groups and councils of high evolution and consciousness. It finally reaches you through us and the Masters, who wait in readiness to return to Earth.” (3)

Sheldan Nidle channels the “Spiritual Hierarchy and Galactic Federation.” His sources tell us that “Heaven summoned us and we came.” (4) The “Heaven” that summoned them was the Earth’s spiritual hierarchy, which includes celestials like Archangels Michael, Gabriel, and Metatron, and ascended masters of the Great White Brotherhood. SaLuSa tells us that “many great Beings are close to Earth to speed the process [of Ascension] up.” (5)

Archangel Michael

Archangel Metatron confirms the arrival of the celestial contingent.

“I AM [Archangel] Metatron, greeting you in your vibrational home, that of the 5th dimension. ...

“We are your family... we are the realm that you now inhabit and we come with you, to walk hand in hand into this familiar, yet foreign land. This new territory that you have dutifully claimed as your own now holds you in vibrational alignment with all that is God’s glory.” (6)

“Each of you, our Beloved Light Team members on Earth, is surrounded constantly by Legions of Angels who are working to ensure that you are always enfolded in the greatest and Highest Light.” (7)

Archangel Michael is also us here to guide us.

“I, Archangel Michael, am the overseer of the Wisdom of the Light community, ... arranging for the most appropriate light beings to step forward guided by the will of the Creator to share essential consciousness with humanity.” (8)

The galactics, like SaLuSa, acknowledge the presence of the angels and their role:

“Angels do abound in the higher levels and they are the most wonderful souls that serve everyone upon Earth. They make no distinction between one soul and another, and have overflowing love for all life. They are largely unseen by you, but do nevertheless appear sometimes if you are faced with danger. They obey the Will of God, and will do no more and no less for you than you are entitled to under your life plan.

“Angels help you in many ways that you are unaware of, and particularly where those souls are concerned that have no belief or awareness of their existence. For example, those times when you are saved by some apparent ‘coincidence’ is often engineered by them.

“When you do believe in them and they have your trust, you can call upon them for help and they will respond, as they are literally only a thought away. They have such power that they can perform absolute miracles, providing it is allowed at the time. The single yachtsman or climber may feel totally alone, but their entourage from Spirit is always with them.” (9)

Diane of Sirius also acknowledges them:

“Angels are another group of great beings that wield massive power beyond your present understanding. At your level as your personal Guides, they can change the sequence of events and even the outcome should it be necessary. More of you are

becoming aware of your Angels, and beginning to understand just how much they do for you.

“Not one Higher Being looks down upon you dear souls on Earth or sits in judgment of you. They see you as god-sparks making your way through duality, and their love for mankind means they do not have any preferences as to which ones they help. They have a fully committed duty to help all souls evolve, and ensure as far as possible that each one’s soul plan is completed.

“They operate from a level of pure love, and ask for nothing in return except the joy of working for the Father/Mother. How could anyone turn down the services and protection of their Angelic Beings, when they watch over you and take great comfort from seeing you keep to your path?” (10)

Matthew Ward prior to his transition at age 17 in 1980

Terrestrial spirit teacher Matthew Ward reports the nearness and the role of the ascended masters:

“The powerful energy of souls you call ascended masters and the White Brotherhood and other light forces you don’t know about has been intensifying on

the planet and is available to each and every one of you. It isn't necessary that those souls embody or that you know their names. Simply ask for divine help and these emissaries of God will provide it. It may not come in the form you think you want, but it will be what you need in accordance with your soul contract.” (11)

“Lighted souls in body or in spirit throughout the universe are with you every step of your journey into Earth's Golden Age. Some are right there among you assisting in ways that eventually will become known by all, and countless others are beaming light to uplift all of Earth or using their technology to help your ascent into fourth [and later fifth] density.” (12)

Before we look at the ranks of the galactics, let us hear how Mother Earth summoned them. Matthew describes her call for help to ascend out of the darkness surrounding her.

“[Mother Earth's] cry for help went out into the universe and instantly God authorized myriad spiritually advanced civilizations to respond by beaming their own vast light into Earth's body. The massive infusion of light from those distant sources stabilized her orbit and enabled her to jar loose from negativity's stranglehold, start to ascend out of deep third density and continue toward her ultimate destination in fifth density.

“Her soul originated in that high plane and there it remained throughout the millennia that her body spiraled ever downward as more and more human and animal blood was shed and the environment ravaged.” (13)

In another place, Matthew calls upon Menta, the representative of a civilization that responded, to describe how that cry sounded to her and her people:

Menta: “A cry for help from Earth herself reached throughout the heavens, and out of concern for this once beautiful planet, whose soul always has been pure and radiant, we responded.

S: “Can you describe the sound of Earth’s cry?”

Menta: “It was a weary sound of resignation, like a faint echo of a once healthy life that had become too feeble to call out loudly. That weak sound signified that Earth was near death due to her environmental conditions and we wanted to help her survive and be restored to health.

“God authorizes a genuinely unselfish response to such a request for help, but no intervention is permitted except by invitation to participate jointly in the venture.

“Our governing body approached the Intergalactic Council high authority and volunteered our services. Understanding Earth’s condition and her ‘cry of invitation’, the Council sanctioned our participation after being assured that our interest was not self-serving. That is, we would give all necessary assistance solely for the good of the Earth and not take advantage of her weakened condition to conquer her peoples.

“Not only would we never think of such an act of betrayal, but an indication of conquest intent would mean a declaration of war with peacekeepers of the cosmos and NEVER would we choose that condition! War is not a province of feminine energy [ed. her species is feminine], only of masculine, and we have absolutely no interest in it.” (14)

The galactics that responded serve the heavenly hierarchy. As SaLuSa tells us, “We serve the higher forces.” (15) In turn, “we too are supported by great Beings of Light that dwell in the realms of pure Light.” (16)

One of his colleagues, Atmos of Sirius, expands upon the relationship between the galactics and our local ascended masters and celestials:

“The Galactic Federation, along with the White Brotherhood and Elders, are the principal players in the process of preparing you not just for these final years to 2012, but beyond.” (17)

SaLuSa of Sirius also tells us how the galactics are working with the heavenly hierarchy to carry out the Divine Plan of Ascension for Earth:

“The Galactic Federation works with the Higher Beings, and all along has been authorized to accompany you through this cycle, as others have done before. We are your link to God, and carry out our mission [Ascension] with great love and dedication.” (18)

“We also work with ascended Spiritual Beings whose names are often well known to you. They have acted as your Brothers from the Light, and are sometimes recognized as far back as Atlantean times, showing Man that your spiritual needs are always well looked after.” (19)

Diane of Sirius assures us that there is complete unity of purpose and action at the higher levels among celestials, masters, and galactics:

“We can tell you that the highest Orders and Councils are one in a Brotherhood of Light and service to others is considered to be the highest act of love.” (20)

In Part 2, I'll cover who the galactics are who've responded to Earth's cries and have come to assist us with Ascension.

Chapter 5. The Importance of Disclosure

Part 2

Cdr, Hatonn

Who Are the Galactics?

Who are the galactics and where have they come from? Do they look like us? How are they organized? Are they more intelligent than we are? What is the nature of the event that is occurring, in their eyes?

Ker-On reveals that the situation of the Earth at this time attracted the help of other ascended civilizations from different parts of the universe.

“Most of you are old souls of extreme wisdom and love, and your presence on Earth has attracted the attention of other ascended civilizations. They desire to help in these last few years, and you shall not want for assistance or guidance.” (1)

A group called “the Arcturians” lists some members of the space coalition that gathered to assist us through Ascension.

“The beloved members of the Pleiades, Sirius, Arcturus, Andromeda and Antares, as well as the Brotherhood and Sisterhood of Light, the Angelic Kingdom, the Ascended Masters, and the awakened members of Earth have all joined together to assist Gaia in the fulfillment of Her transformation.” (2)

Here is another list from Adamu, who I hail from the Pleiades:

“We include many races and some of those races are very closely related -- “sort of brothers and sisters of the same original parent race. Some you might recognize are us Pleiadians, the Sirians, the Arcturians, the Antarians, the Andromedans and those from Procyon, Aldebaran and Deneb.

“These are names I can place in my young friend’s mind at this time. There are others [I cannot]. Also others from outside of this galaxy are here. And ones who are far above such consideration as ‘galactic neighborhood’ or even which universe you are from.” (3)

According to spirit teacher Matthew Ward, “there are countless galactic and intergalactic federations, councils, unified forces, experiencing clusters, collective-soul energy fields, free-spirit civilizations and other organized souls in this universe.” (4)
SaLuSa expands on Matthew’s comment.

“We of the Galactic Federation are just part of a great assembly of Beings here to ensure your success.” (5)

“We are not the only ones here to help you open your eyes to the marvelous opportunities ahead of you. There are teachers and helpers at all different levels. They come to Earth with a variety of skills and experience, and often specialize in one subject to which they are fully dedicated.

“They come from many different planets as we do, and have volunteered for tasks that demand their full co-operation. Their lives are not your usual incarnations as they have already ascended, and normally would have no need of further earthly experiences. They come out of love for you, recognizing your godspark and acknowledging your final spell in duality.” (6)

In Ker-On’s view, the Galactic Federation takes the lead in the effort to help Earth:

“The Galactic Federation heads the teams that wait to be called to Earth. They consist of many who have had dealings with you in the past, and other civilizations will be allowed to contact you after we have set up our own bases on Earth.” (7)

He tells us they have long been linked with our history:

“Our link also goes far back in your history, and yet reaches to recent times when we contacted some of you, such as your George Adamski. Our bell-shaped scout craft are well known to you and photographed many times.” (8)

Among them are civilizations very like us in appearance. Notes SaLuSa:

“Along with the Pleiadians and Venusians, we [Sirians] are very much like you in appearance. After all, you are genetically linked with us and we have more in common than you might imagine. Many of you are aware of other humanoid forms, and these are simply variations that are more suited to the different planetary conditions

“Bodies are vehicles that house your soul for the duration of your time in any one environment. Soon yours will change again, as you move into the higher vibrations and indeed for some of you they have already begun.” (9)

Where do the space people of the Galactic Federation stand on the rungs of spiritual evolution? SaLuSa replies:

“You might ask where do we stand as far as evolution is concerned, and we would reply that we as member civilizations of the Galactic Federation have already ascended. We continue to evolve, and will do so until we find ourselves at One with the Source of All That Is.” (10)

“I wish you to know that as members of the Galactic Federation we are enlightened Beings, and our relationship to you is based upon our love for you.” (11)

“Our membership is only open to those who have ascended. ... You shall soon join us and proudly work alongside your brothers and sisters.” (12)

“The Galactic Federation comprises those civilizations that are of the higher vibrations, having long passed through a similar period of evolution to yours. It is a membership that is only granted to those who have achieved levels of higher consciousness. It is a great organization of dedicated souls who serve others according to their needs and such work is carried out in true love for all life.” (13)

SaLuSa continues:

“We are not just your friends but for many of you are your family, and those links go back thousands of years. ...

“We are at a more advanced stage than yours. We have the same desires as you, and we too seek the truth and knowledge of the Universes around us. The Creator has given us all immortal life, and all the splendors and infinite creations to enjoy.” (14)

“We of the Galactic Federation are you, and in us you will see what you are to be. Nothing could be more natural than a coming together of all of us. Our futures are joined in love, and the desire to take our knowledge and abilities to others.

“God has given us the power of creation, and the knowledge of how to correctly use it. We are trusted having vowed to serve the will of God and spread the Light far and wide.” (15)

In Mira the Pleiadian’s view, what is occurring for us is a reunion:

“We have strong ties with the Earth and with humanity. We have a long history of being together. We will be coming back together as the veils lift and as the opportunities for our reunion present themselves.” (16)

In Part 3, we’ll look more closely at what the galactics’ mission is.

Chapter 6. The Importance of Disclosure

Part 3

What Is Their Mission?

Speaking through Mike Quinsey in mid-2008, the ascended master, the Comte de St. Germain, revealed that a divine plan existed to lift us out of the Third Dimension:

“There is an immutable plan that is well advanced for your final experiences that shall lift you out of duality fully into the Light and Love that knows no equal or limitations. Your future is assured amongst the dimensions of Light, and every step you take is nearer to the Source of All That Is. The Angels sing their praises for you and Heaven awaits your return at last.” (1)

The galactics have come to help with that divine plan. SaLuSa tells us:

“As you must know by now we are not here in great numbers by chance. It is to fulfill the Creator’s Plan for this Universe. Nothing can prevent it manifesting in Ascension.” (2)

“You are to ascend as One and that will fulfill the Creator’s decree for the end of this cycle of duality.” (3)

“The grand plan for Man is perfect in its concept and whatever path you take, it will always lead to your goal.” (4)

“The coming Ascension has been the subject of many teachings and messages for a very long time, as the end times have been clearly defined since this cycle began so long ago. It is the whole purpose of everything that has been taking place, and the plan has been played out so that you have gained the maximum benefit from it.” (5)

The galactics will remove all obstacles to the plan being realized. SaLuSa continues:

“We come to offer you solutions to your myriad problems that have threatened to destroy you and your Earth. We do so by divine decree.” (6)

“The Elders have ensured that there is no shortage of attention to your needs, and the end times are meticulously planned for total success.” (7)

“There is a clearly-defined plan for your future, but we can easily accommodate any changes necessary. We follow all events taking place on Earth, and as a result can adjust our actions accordingly. However, there is a core plan which shall manifest and take you through to Ascension as intended.

“The path to Ascension is to be cleared of any attempts to prevent it from manifesting, and be sure, Dear Ones, that when a divine edict is given it is the Law of the Creator.” (8)

“We have a mission that regardless of any interference carried out will proceed as planned, and we are motivated by our love and service to Mankind. You are for the moment like our children, but you will grow up at an exceedingly fast pace. The more you move into the Light, the more you are reaching up to the levels that we

are from. It is our place to ensure that you travel the path to Ascension, and that all preparations are completed in time to include Mother Earth.” (9)

They are not a band of marauders here to see that the forces of darkness win out.

SaLuSa says:

“You will understand that the Galactic Federation is not some marauding group of Space Beings. We are organized to police the Universe helping young civilizations evolve without interference. We carry out the bidding of those who have the ear of God, and carry out his plans for evolution.” (10)

“We are all to be the warriors of Light for the benefit of all other souls.” (11)

They are here to carry out the wishes of the Creator.

“Beloveds, we carry out the wishes of the Father/Mother as we are dedicated to the Will of God. We are therefore dedicated to your well-being and success.” (12)

“We recognize and accept the existence of the Creator of All That Is, and, in that, we are aware that our source is the same as yours.” (13)

In fact we could not have survived the efforts of the controllers to depopulate the Earth and enslave us. As Ker-On says: “In the greater scheme our help has been essential.” (14)

Terrestrial spirit teacher Matthew Ward agrees with Ker-On:

“Those individuals are way off track by not acknowledging that without many other civilizations’ immeasurable help that started about seventy years ago, none of you would be where you are because the planet would have died. And we assure you, your space family’s continued help will be welcomed by all except the ones who are fighting mightily to prevent reforms anywhere. (15)

He contextualizes the contribution of our space family.

“To those who want proof that extraterrestrial sources are assisting you in the creation of a better world, first I shall put this into a context of what Earth’s peoples are doing: demanding truth, not lies; peace, not war; health care and higher education for all, not only the rich; expanding efforts to end impoverishment, end exploitation of planetary resources and destruction of the environment and disrespect for human rights. Without decades of intense light-beaming from powerful celestial sources, none of that would be happening.

“Instead, the dark forces would have continued to control the planet through their puppets whose oppression, lies and violence resulted in fear, ignorance, apathy and spiritual dimness within the masses; and the relentless barrage of negativity would have destroyed Earth.

“It is not that your universal family’s help can be proven only after they alight from their crafts, roll up their sleeves and get to work. Their light and advanced technology started helping you well over sixty years ago when Earth was in death throes—that her planetary body is alive and you are living on it is proof! (16)

SaLuSa discusses their roles:

“Our presence is twofold. Firstly we approach you as your brothers and sisters because we are one family of Light. Your future is bound with us and many of you are from one of the many civilizations that comprise the Galactic Federation. Secondly, we are your mentors and protectors and have the appointed task of restoring Mother Earth.” (17)

“We of the Galactic Federation have several roles all connected with restoring your beautiful Earth, and enabling a smooth transition for all living forms.” (18)

Their most important role, SaLuSa says, is to help us through the process of Ascension:

“We of the Galactic Federation are charged with looking after Mankind, and your upliftment and safe journey through to Ascension.” (19)

“We will, along with the Masters, set the scene for enlightenment once we can openly come amongst you.” (20)

“We are your mentors for the time being, but soon you shall stand along side us and together we shall explore the realms beyond us. We walk in love with you now, and you do not see us but even that will change with time.” (21)

To see us to Ascension, they must overcome the resistance of the dark controllers of the planet to our transformation and the return of abundance and freedom to the planet.

Says Atmos: “We represent your release from the last gasps of the dark forces.” (22)

Says SaLuSa:

“We are here to ensure that no outside influence or actions prevent you from ascending.

“It will take our coming before the truth will be known of how these last years will affect Mankind, as your authorities know of the imminent changes but as usual prefer to keep you in the dark.

“Knowledge is power, and the dark have systematically kept you from knowing the truth because it would diminish their hold over you. They would prefer to keep you in a slave mentality, whereas you should be realizing that you have every right to re-claim your sovereignty. “(23)

They are also here to terraform the Earth and return it to its original pristine beauty.

Says SaLuSa: “We . . . help prepare Mother Earth [for Ascension] and remove all vestiges of the damage brought about by your demands upon her.” (24)

Diane of Sirius, another colleague of SaLuSa’s, gives us an idea of the tremendous changes that await us:

“There is nothing yet that can fully prepare you for what is coming. We try to convey a picture of what is to be, and we leave you with an impression of activity on a vast scale that will surprise you. Because of our resources which are virtually unlimited, we can dedicate our Galactic members in such a way that every country in your world is served according to their needs. Wherever you are in the world, or as you call them Third World countries, our plan to bring you into the New Age will operate quite speedily.

“Most of our technologies are simple and easily installed, and allow for much more independence than you have now. We shall set high standards where your daily needs are concerned, and bring you all into systems that are self-supporting. This is essential in locations where people are away from the main areas, and tend to be isolated.

“It is a matter of equipping you in such a way, that your standard of life is immediately improved. A clean supply of water and an ample supply of free energy will overcome many health problems, whilst at the same time giving you heating and lighting where conditions warrant it. Housing can be lifted to a level where it affords adequate protection and comfort from the elements, and constructed from pre-formed sections of material that is eco-friendly and recyclable.

“These will be produced conveniently near the sites, and require little labor because of automation. We can also employ robotic help that has the capacity to make

decisions within its role as overseers, and these will be pre-programmed. Computers much more advanced than you presently use will control all operations in such plants.

“We want to quickly bring you up to our level of understanding so that you can quickly adapt to a new way of thinking. You have good ideas of how to overcome your problems, and all you lack are the tools to do it. We can help you eliminate your dependence on chemicals, and for example show you other ways to clear your polluted areas.

“Much of what we are capable of can be carried out without the need to land on Earth. In fact, over many years we have done just that to keep a check on air and sea pollution.” (25)

The Galactic Federation has vast experience in this process, SaLuSa says.

“We have been chosen to assist you through the various stages of its process, because we have had immense experience in helping civilizations do so. You are in any event intended to join us so that we may continue the journey together, into the glorious dimensions of Light. We are One and it has always been so, and as time progresses we will come even closer together. We can tell you that we are your true family, and many of you are directly linked to civilizations in the Galactic Federation.” (26)

They are bringers of light and love, SaLuSa assures us:

“We of the Galactic Federation are the bringers of Love and Light, as that is our way and consistent with our more enlightened spiritual approach. You are as much a part of us as we are you, and undeniably connected through eons of time. We recognize and accept the existence of the Creator of All That Is, and in that we are aware that our source is the same as yours.

“We may have traveled different paths and exist on a higher dimension than yours, but on another level we are all together in the Now. We are on a journey through creation, and soon you will recognize and accept your own place within it. We are One and always will be, and it is time to lift up out of the darkness that has dulled your senses and caused you to forget your divine birthright.” (27)

They have helped us in the past at various stages of our evolution, SaLuSa says:

“You will find that Galactic Federation members are no strangers to your early evolution, and in fact have had more than a hand in it. There is more of a connection between us than you might imagine, and we have had a part to play in your genetic engineering resulting in what you are today. When you get to see the various types of Beings in our Federation, you will marvel at how many have a close resemblance to how you look now.” (28)

Mira the Pleiadian tells us that “our ships surround the Earth.” (Mira the Pleiadian, March 18, 2010.) Their presence guarantees our release from those who have meant to control the Earth for their dark purposes. Says SaLuSa: “The armada of Spaceships brings you release from your oppressors, and immense love for your well being and happiness.” (29)

Ela of Arcturus tells us that “collectively we can deal with absolutely any problem presented to us. (30) “Success may still feel as though it is far away,” SaLuSa tells us, “but with the full co-operation of the various councils that oversee your evolution, it is much nearer than you could imagine.” (31)

The galactics who are here model our future selves and show us avenues to our own galactic service. According to SaLuSa:

“We of the Galactic Federation are your future selves and in us you can see the levels of attainment that are open to you.” (32)

“We are what you are to become, Cosmic Beings who have ascended and have the freedom to travel throughout the vastness of your great Universe. You are already members of the Galactic Federation, and may wish to serve others through our organization. There are also other Councils and Federations like ours dedicated to doing the work of the Creator and opportunities abound to follow your hearts desire.” (33)

This then is an introduction to our space brothers and sisters. They are here on a divine mission to help us prepare for Ascension in 2012. They came at Heaven’s request in answer to the cries of Mother Earth. They comprise a vast force from numerous planets and stars. They are here to subdue the forces of darkness and lead us into the New Age.

Chapter 7. If President Kennedy Had Disclosed, What Might He Have Said?

A story exists that President Kennedy was intending to give a speech that would have disclosed the presence of our space family back in 1963. He's alleged to have been carrying the notes of that speech on him and to have given them to Gov. Connolly shortly before he was shot. Connolly is said to have stored them away, where they were discovered after his death.

Here is what President Kennedy might have said if he were to disclose:

“My fellow Americans, people of the world, today we set forth on a journey into a new era. One age, the childhood of mankind, is ending and another age is about to begin.

“The journey of which I speak is full of unknowable challenges, but I believe that all our yesterdays, all the struggles of the past, have uniquely prepared our generation to prevail.

“Citizens of this Earth, we are not alone. God, in His infinite wisdom, has seen fit to populate His universe with other beings — intelligent creatures such as ourselves.

“How can I state this with such authority? In the year 1947 our military forces recovered from the dry New Mexico desert the remains of an aircraft of unknown origin. Science soon determined that this vehicle came from the far reaches of outer space. Since that time our government has made contact with the creators of that spacecraft.

“Though this news may sound fantastic — and indeed, terrifying — I ask that you not greet it with undue fear or pessimism. I assure you, as your President, that these beings mean us no harm.

“Rather, they promise to help our nation overcome the common enemies of all mankind — tyranny, poverty, disease, war.

“We have determined that they are not foes, but friends.

“Together with them we can create a better world. I cannot tell you that there will be no stumbling or missteps on the road ahead.

“But I believe that we have found the true destiny of the people of this great land: To lead the world into a glorious future.

“In the coming days, weeks and months, you will learn more about these visitors, why they are here and why our leaders have kept their presence a secret from you for so long.

“I ask you to look to the future not with timidity but with courage. Because we can achieve in our time the ancient vision of peace on Earth and prosperity for all humankind.

“God bless you.” (1)

Chapter 8. The Declaration of Human Freedom

Every being is a divine and eternal soul living in a temporal body. Every being was alive before birth and will live after death.

Every soul enters into physical life for the purpose of experience and education, that it may, in the course of many lifetimes, learn its true identity as a fragment of the Divine.

Life itself is a constant process of spiritual evolution and unfoldment, based on free choice that continues until such time as we realize our true nature and return to the Divine from which we came.

No soul enters life to serve another, except by choice, but to serve its own purpose and that of the Divine from which it came.

All life is governed by natural and universal laws which precede and outweigh the laws of humanity. These laws, such as the law of karma, the law of attraction, and

the law of free will, are decreed by God to order existence and assist each person to achieve life's purpose.

No government can or should survive that derives its existence from the enforced submission of its people or that denies its people their basic rights and freedoms.

Life is a movement from one existence to another, in varied venues throughout the universe and in other universes and dimensions of existence. We are not alone in the universe but share it with other civilizations, most of them peace-loving, many of whom are more advanced than we are, some of whom can be seen with our eyes and some of whom cannot.

The evidence of our five senses is not the final arbiter of existence. Humans are spiritual as well as physical entities and the spiritual side of life transcends the physical. God is a Spirit and the final touchstone of God's Truth is not physical but spiritual. The Truth is to be found inward.

God is one and, because of this, souls are one. They form a unity. They are meant to live in peace and harmony together in a "common unity" or community. The use of force to settle affairs runs contrary to natural law. Every person should have the right to conduct his or her own affairs without force, as long as his or her choices do not harm another.

No person shall be forced into marriage against his or her will. No woman shall be forced to bear or not bear children, against her will. No person shall be forced to hold or not hold views or worship in a manner contrary to his or her choice. Nothing vital to existence shall be withheld from another if it is within the community's power to give.

Every person shall retain the ability to think, speak, and act as they choose, as long as they not harm another. Every person has the right to choose, study and practice

the education and career of their choice without interference, provided they not harm another.

No one has the right to kill another. No one has the right to steal from another. No one has the right to force himself or herself upon another in any way.

Any government that harms its citizens, deprives them of their property or rights without their consent, or makes offensive war upon its neighbors, no matter how it misrepresents the situation, has lost its legitimacy. No government may govern without the consent of its people. All governments are tasked with seeing to the wellbeing of their citizens. Any government which forces its citizens to see to its own wellbeing without attending to theirs has lost its legitimacy.

Men and women are meant to live fulfilling lives, free of want, wherever they wish and under the conditions they desire, providing their choices do not harm another and are humanly attainable.

Children are meant to live lives under the beneficent protection of all, free of exploitation, with unhindered access to the necessities of life, education, and health care.

All forms of exploitation, oppression, and persecution run counter to universal and natural law. All disagreements are meant to be resolved amicably.

Any human law that runs counter to natural and universal law is invalid and should not survive. The enactment or enforcement of human law that runs counter to natural and universal law brings consequences that cannot be escaped, in this life or another. While one may escape temporal justice, one does not escape divine justice.

All outcomes are to the greater glory of God and to God do we look for the fulfillment of our needs and for love, peace, and wisdom. So let it be. Aum / Amen. (1)

The 2012 Scenario

Published on OpEdNews (www.opednews.com) and revised May 26, 2010.

Feb. 23, 2009

According to Mayan and other indigenous prophecies, one cycle of history is due to come to an end in December of 2012 – and another cycle begins.

At that time, we'll see the sun set on the Age of Pisces and dawn on the Age of Aquarius. Viewed from a Hindu perspective, at that time, the Kali Yuga or Age of Darkness reportedly will end and the Sat Yuga or Age of Truth begins. Many Hindus call the Sat Yuga the “Golden Age.”

The scenario I'm following, whether you look at it from the Mayan perspective or from that of several other groups watching the same subject, holds that, in the year 2012, the present cycle of duality or Third-Dimensional (3D) reality will end for the greatest number of Earth residents and, together with the Planet itself, we will migrate back to the Fifth Dimension (5D), heading in the direction whence we originally came.

This event has come to be known generally, in the circles I travel in, as the “Ascension” and the period that it begins as the “Golden Age” (proper).

Some people will not come along. They’re the mass murderers among us, the torturers, assassins, war criminals, financial traitors, and so on, who’ll choose not to go forward into the Light.

Apparently, they’ll remain in 3D reality. It was their choice. They’ll join us in the next cycle.

Looking forward, you could say I’m watching a number of events, generally known as Disclosure, First Contact, Accountability, NESARA, and Ascension. There will be a period of perhaps a little more than a year between Disclosure and Ascension.

“Disclosure” refers to the admission by Earth’s governments that extraterrestrials exist and that they’re all around us in spaceships that many of us have seen on Youtube.

“First Contact” refers to the landing of these ships on Earth’s surface and the welcoming of these friendly extraterrestrial relatives (because we’ll find that they are relatives) into our midst. They’re not here to harm us, but to assist us to live life more abundantly, without them expecting anything in return.

“Accountability” refers to a series of events that will see the legally-administered fall of a group that has held power on the Earth up till this time. This group has

concentrated wealth in its own hands and has been responsible for a long list of crimes which most of us remain totally unaware of.

These crimes include 9/11, the illegal wars in Afghanistan and Iraq, the London bombings, the Oklahoma City bombing, HAARP-induced earthquakes, hurricanes, volcanic eruptions, floods and wild fires, global regime overthrows, financial manipulations, national bankruptcies, assassinations, torture, pandemics, poisonous chemtrails, theft of trillions, and many other acts of mass murder, crimes against humanity, and financial treason.

Society has been manipulated by this neoconservative faction and their agents in U.S. Northern Command/NORAD, Naval Intelligence, Blackwater, Wackenhut, and the alphabet agencies (NSA, CIA, MJ12, FBI, MI6, MOSSAD, etc.).

They include the top officers in financial institutions, the medical establishment, education, police, military, and most other influential structures in our society. They know themselves as the “New World Order” (NWO), the “Illuminati,” the military-industrial complex, the secret state, etc. Very soon the full story of what they’ve foisted on us will be known.

You can actually go outside today, drive to the nearest airport, and say “There is no war on terror and there never was,” and, provided you don’t mind being thrown in jail, you’d be right.

You can actually go outside today, drive to the nearest airport, and say “There is no war on terror and there never was,” and, provided you don’t mind being thrown in jail, you’d be right.

“Accountability” means that all of this is now about to come to an end. You can see it around you. One of President Obama’s first acts was to issue Executive Orders that restored constitutional freedoms.

A few members of Congress are calling for the prosecution of the NWO’s agents.

Some international prosecutions have occurred and others are being urged.

You can conceive of the whole NWO as a political, financial, military, educational, and media structure that is utterly collapsing. Nothing of it is destined to remain.

Unfortunately we must watch what we think of as the pillars of our society collapse with them.

At the same time, another structure is rising. Because these two events are happening simultaneously, some have difficulty distinguishing between them. The second event is

the building of what some people call a “Wisdom Economy” (see *Zeitgeist Addendum*).

Good and honest people all over the world are hard at work designing an economy that will work totally differently from the way the present one does. The present one does in fact *not* work and is too corrupt to ever be made to work.

The term that has come to be a code word for the Wisdom Economy is “NESARA.” NESARA stands for the “National Economic Security and Reformation Act,” an act of the American Congress.

For years there has been a gag rule against discussing it. Some Washington journalists are trying to get around the restraints by referring to NESARA obliquely as the “Reformation Act.”

By using fear tactics like declaring a “war on terror” where no “terror” previously existed, the NWO cabal consolidated its power and tried to see that NESARA would never get announced.

NESARA has come to be a generic term for what is now a worldwide plan to end poverty on this planet. It’ll also end borders. It’ll mandate peace on Earth. It’ll see that

all those accountable for the crimes I listed above are removed from power, prosecuted, and sent to jail.

I'm certain, from years of researching this material, that we couldn't have done these things that I've just described on our own.

The people of Earth are not awake or powerful enough to have brought down the NWO cabal by themselves. Left to our own devices, our future would have seen worldwide impoverishment, enslavement, and depopulation (from 6.3 billion to a more manageable 500 million).

The latter would have been brought about by poverty, pandemics, chemtrails, GM-induced famines, artificial weather events, imprisonment in existing FEMA camps, and nuclear world wars.

For years and years, we've been told that we were on our own, that we're alone in the universe. But the truth is that we're not alone and we didn't manage the fall of the NWO on our own. We had help.

Above us, in the skies, cloaked from our view and sometimes existing in higher dimensions, is a fleet of extraterrestrials of human origin, from places like the Pleiades, Sirius, Lyra, Vega, Arcturus, Andromeda and many other regions of space. They are

our family – our ancestors and, in some cases, our future. These extraterrestrial but human visitors have come to assist us with the 2012 Ascension.

In 2008, the United Nations entered into a secret agreement to increase openness around the subject of extraterrestrials, with the result that many nations, like Great Britain, France, Canada, Denmark, New Zealand, and Brazil, have opened their UFO files to the public.

Their opened files show that our governments have known about the galactic presence for decades.

Increasing numbers of UFO sightings have occurred to prepare the public for open disclosure of the ET presence.

Some space brethren have taken birth among us as starseeds. Some have walked-in to bodies after birth. Some are able to change shape and walk among us unnoticed.

While there exist ETs who are unfriendly, they are no longer allowed to approach the Earth. The ones approaching Earth to assist us with our planetary transformation come as our friends. They follow the commands of the same Heaven and the same God as we do. They are forces of love and light. We have nothing to fear from them and everything to gain from their willing assistance.

We couldn't have come as far as we have without their help. The people who defeated the NWO are these galactic-human friends along with a large number of terrestrials who are variously known as their "Earth Allies" or "White Knights."

It is they who will bring in NESARA when the time is right. And it is they who will reveal themselves to us when the time for "First Contact" arrives.

We've actually had many contacts with them in the past; in fact they are responsible for seeding this planet with the human species in the first place – their own species. We are their progeny. We did not evolve from apes.

What we call "First Contact" is the first time the whole planet will be aware of their presence. Even before that time but after NESARA is announced, they will begin giving us technologies that will allow us to end our dependence on oil, travel far, communicate quickly, and cure most diseases among us.

They will give us devices that will allow us to see to all our food, clothing and other needs without having to produce them in factories. Eventually, there will be no such thing as poverty or disease on Planet Earth. There will be no such thing as religions that fight with one another. There will be no such thing as wars.

Our space brothers and sisters will prepare us for our Ascension in 2012. Apparently, what we'll see when they arrive defies imagination. Their simple presence in the sky will have such an uplifting effect on us that we won't be the same from that moment on.

The shadow government has ridiculed the idea that there are extraterrestrial craft in our skies in order to maintain their control of this planet.

In truth, the U.S. military has benefited for years from technology transfers (anti-gravity technology, the computer chip, fiber optics, Teflon, Kevlar, the "Looking Glass" [google], stealth technology).

The U.S. government has itself perfected spacecraft run by a secret space agency called Solar Warden that regularly travel between Earth and the Moon or Mars. They perfected teleportation back in the late 1960s and early 70s.

I've told the story as if we terrestrials have driven events. But I'm pretty sure that it'd be safer to say that the extraterrestrial influence has driven events. The star nations are in turn led by our own spiritual hierarchy of ascended masters which some readers may be familiar with under the designation the "White Brotherhood."

It is only now, in my estimation, that we are reaching a point where we are awake enough and enough in possession of a sense of power that we can do our share of the work needed to remove the remaining cabalists from power and usher in the Reformation Act.

If you wish to know about the ET presence, go to my website, "[First Contact,](#)" at <http://www.angelfire.com/space2/light11/fc/fc-index1.html> or look at other articles on this site, *The 2012 Scenario*.

If you want to view a range of videos by terrestrials on these topics, go to Project Camelot or Conscious Media Network. Youtube and Google Video are also full of videos on these topics, including *UFOs: The Greatest Story Ever Denied* and *Moon Rising*.

For written channelings on the subject, go to [Mike Quinsey's site](#), at http://www.treeofthegoldenlight.com/First_Contact/Channeled_Messages_by_Mike_Quinsey.htm or [Matthew's Messages](#), at <http://www.matthewbooks.com/mattsmessage.htm>. These are two out of an ever-

expanding number of people writing on these matters as we draw closer to these events.

Because one structure is falling while a second emerges, our world looks somewhat chaotic at the moment. But, if these reports are to be believed, in fact we are headed for a Golden Age in which our future is assured.

The more we step out and read the signs of the times, recognizing what is happening around us, the quicker will Terra Nova arise. (1)
